SUMMARY

Motivated BCA student with a strong grasp of web development, programming, and data management. Proficient in various programming languages and database management systems. Skilled in both front-end and back-end development with hands-on experience in building and optimizing applications. Excited to leverage technical skills and industry knowledge in an IT role that offers growth and learning opportunities.

EDUCATION

Bachelor of Computer Applications (BCA)   **2022 – Present**
- Relevant Coursework: Data Structures, Database Management Systems, Web Development, Software Engineering, Object-Oriented Programming with Java, Python for Data Analysis.
- Achievements: Consistently ranked among top students in web development and data management.

Higher Secondary Education (12th)   **Year 2021**
Triton International College, Kathmandu, Nepal

Secondary Education (10th)   **Year 2019**
Manoram Boarding School, Kathmandu, Nepal

PROJECTS

Portfolio Website Project
- Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase projects and skills.
- Designed a responsive UI with smooth navigation and interactive elements.
- Implemented clean design principles and deployed the website for public access.

Stock Vision Pro (Live Stock API Project)
- Built a live stock tracking application using HTML, CSS, Node.js, and financial APIs.
- Fetched and displayed real-time stock data with intuitive visual design.
- Focused on backend API integration and asynchronous data handling.

Pollution Prediction using AI/ML
- Created an AI/ML model to predict pollution levels using historical data.
- Utilized Python for data preprocessing, training, and prediction logic.
- Gained experience in machine learning workflows and environmental data analysis.

TECHNICAL SKILLS

- Programming Languages: C, Python, Java
- Web Development: HTML, CSS, JavaScript, Responsive Design
- Database Management: SQL, DBMS

CERTIFICATION

- Data Analytics Certification – Google
- Front-End Development (Self-study/Additional Courses on platforms like Coursera or Udemy)
